#Romance-scam indicators

Warning signs include rapid declarations of love, refusal to video or meet safely, inconsistent identity, emergencies, investment pitches, secrecy and requests for money, gift cards, credentials, codes or crypto.

#Member protections

Never send money to someone you have not independently verified. Do not move conversations off-platform under pressure. Verify claims through independent channels and stop contact when threatened.

#Platform response

Reports may trigger message and account review within lawful limits, warnings, blocks, verification requests, feature restrictions, account removal and coordination with providers or authorities.

#Victim support

Preserve messages and transaction records, contact the payment provider quickly, secure accounts and report to competent authorities. Reporting a scam does not guarantee recovery.

#Privacy and compliance baseline

Nexa applies data minimization, purpose limitation, accuracy, security, accountability and privacy-by-design. This document is intended to align with applicable GDPR principles, Canadas PIPEDA fair-information principles, the African Union Malabo Convention and applicable DRC law; mandatory local rights prevail.

#Contact and changes

Questions, rights requests and complaints may be sent using the contacts below. Material changes will receive reasonable notice where required. The version and dates above identify the controlling edition. Translations are intended to be equivalent; if an inconsistency cannot be resolved, the French edition controls, subject to mandatory law.
