#Purpose and cadence

Nexa intends to publish periodic aggregate information about safety enforcement, government requests, intellectual-property notices, privacy requests, account restrictions and selected security incidents.

#Metrics

Metrics may include reports received, categories, action rates, response times, appeals and reversals, legal demands by type and country, emergency requests, data produced, deletion and access requests, and automated-versus-human moderation context.

#Safeguards

Reports use aggregation, thresholding and omission to protect users, investigations, trade secrets and security. Numbers will explain scope, date range, methodology, known limitations and material definition changes.

#Governance

Legal, privacy, safety and security owners validate data before publication. The framework will evolve with product launch, provider integration, law and stakeholder feedback.

#Privacy and compliance baseline

Nexa applies data minimization, purpose limitation, accuracy, security, accountability and privacy-by-design. This document is intended to align with applicable GDPR principles, Canadas PIPEDA fair-information principles, the African Union Malabo Convention and applicable DRC law; mandatory local rights prevail.

#Contact and changes

Questions, rights requests and complaints may be sent using the contacts below. Material changes will receive reasonable notice where required. The version and dates above identify the controlling edition. Translations are intended to be equivalent; if an inconsistency cannot be resolved, the French edition controls, subject to mandatory law.
