#Prevention program

Nexa applies risk-based controls including account, device, velocity, identity, transaction and behavioral signals; human review; access controls; case records; and staff escalation.

#User duties

Keep credentials secure, use accurate information, review confirmations and report unauthorized activity promptly. Never help another person bypass verification or controls.

#Response

Suspected fraud may lead to delayed processing, holds, enhanced verification, rejection, reversal, account restriction, evidence preservation and lawful reporting. Controls should be proportionate and reviewed for error and bias.

#Governance

Fraud rules, alerts, losses and false positives are periodically reviewed. Staff with relevant access receive confidentiality and escalation training.

#Privacy and compliance baseline

Nexa applies data minimization, purpose limitation, accuracy, security, accountability and privacy-by-design. This document is intended to align with applicable GDPR principles, Canadas PIPEDA fair-information principles, the African Union Malabo Convention and applicable DRC law; mandatory local rights prevail.

#Contact and changes

Questions, rights requests and complaints may be sent using the contacts below. Material changes will receive reasonable notice where required. The version and dates above identify the controlling edition. Translations are intended to be equivalent; if an inconsistency cannot be resolved, the French edition controls, subject to mandatory law.
