#Strictly 18+

LYNK is not directed to children and no person under 18 may create or use an account. Age confirmation is required at registration and age or identity checks may be requested.

#Detection and reporting

Underage indicators are prioritized for review. Accounts reasonably believed to belong to minors are restricted while assessed and removed when confirmed. Suspected child sexual exploitation material is preserved and reported where required; it must never be downloaded, shared or investigated by users.

#Prohibited conduct

Grooming, sexualization of minors, solicitation, trafficking, sextortion, age misrepresentation to contact minors and any exploitative content are strictly prohibited.

#Privacy and guardians

If a parent or guardian believes a minor provided data, contact safety@nexaincdrc.com with enough information to locate the account. We verify requests and delete data unless preservation or reporting law requires otherwise.

#Privacy and compliance baseline

Nexa applies data minimization, purpose limitation, accuracy, security, accountability and privacy-by-design. This document is intended to align with applicable GDPR principles, Canadas PIPEDA fair-information principles, the African Union Malabo Convention and applicable DRC law; mandatory local rights prevail.
